Approver Guide

Section 1 — Signing In

Every official user starts here, before landing on their role's dashboard.

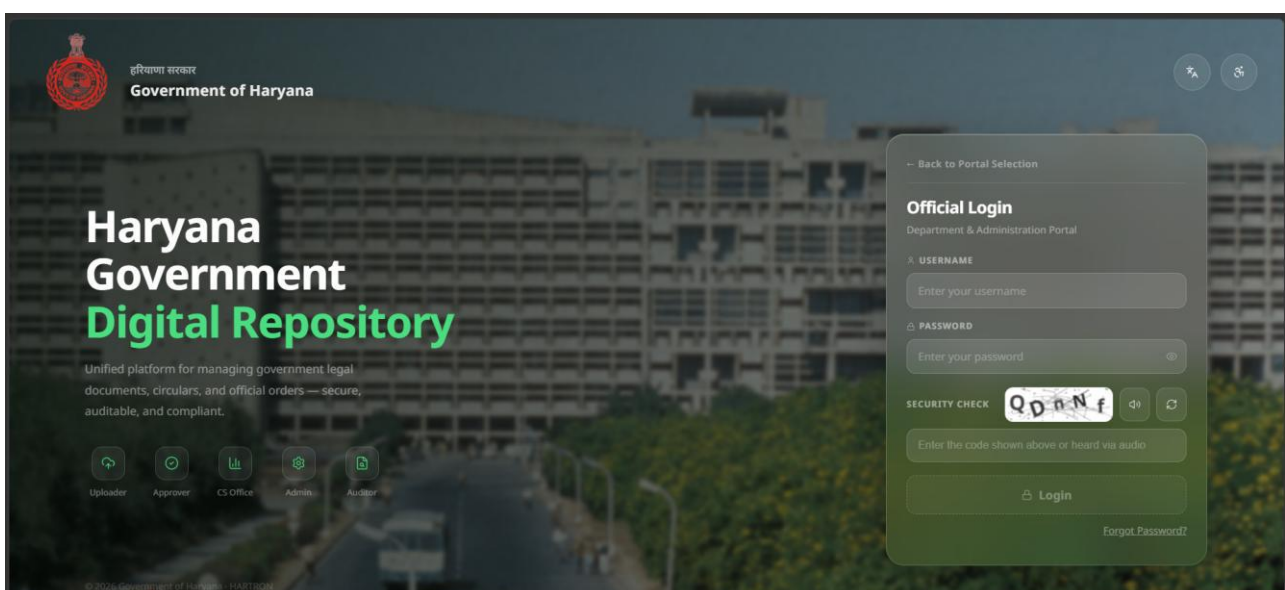

1. **Choose your access type**
2. On the landing page, click **Official Access** → **Login with Credentials**. Public Access needs no login; Admin Access uses a separate mobile-OTP flow reserved for system administrators.
- 3.

Portal selection screen — three access types.

2. Enter your username and password, and solve the security check

Type your username and password. A live-generated image (with an audio alternative) sits below the password field and must be answered correctly before Login activates.

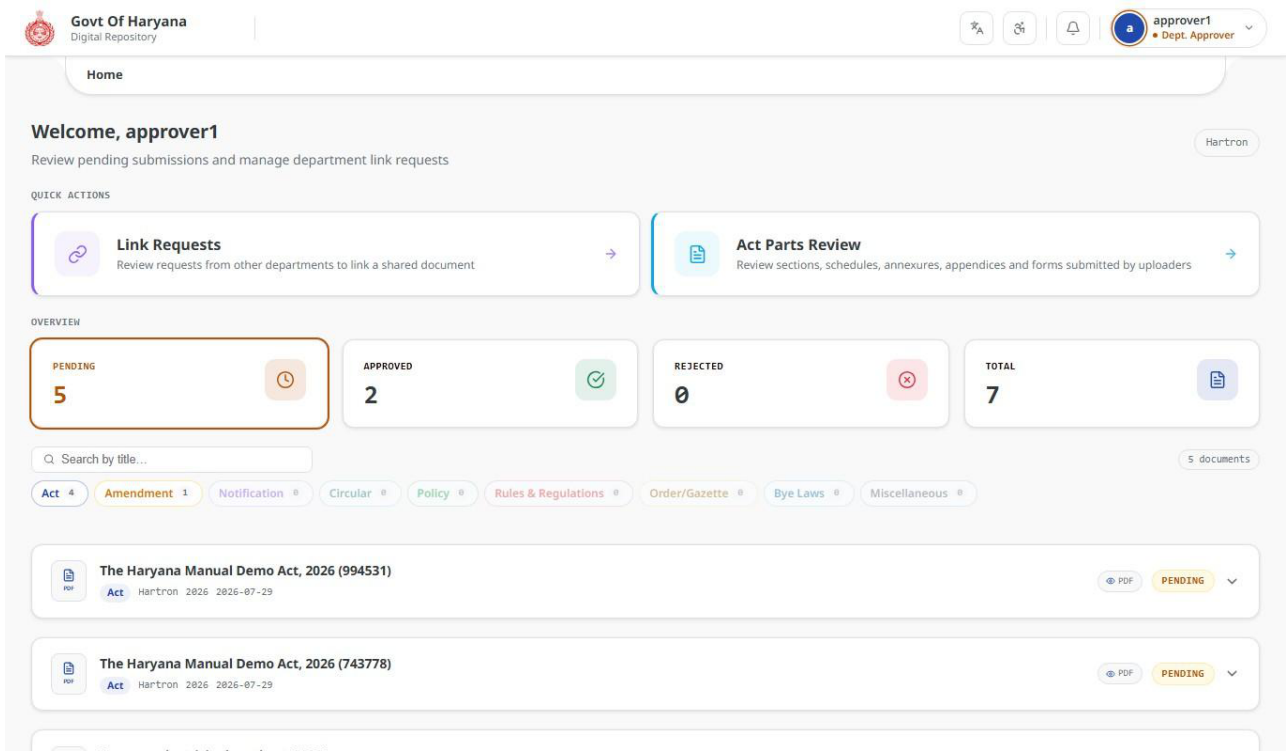

Login form filled in — approver1, with the security check solved.

Section 2 — Approver Dashboard

This is what you land on right after signing in — every document from your department that hasn't been decided yet, plus quick access to Link Requests and Act Parts Review.

1. Overview and pending queue

Pending / Approved / Rejected / Total counts sit above the list, and double as filters — click one to narrow the list below to that decision. Use the type chips or the search box to find a specific document.

Approver dashboard — overview cards and pending queue.

Section 3 – Reviewing a Document

Click any row to expand it into a full review panel.

1. The 3-panel review

The original PDF opens on the left — with zoom, rotate, page navigation, and an Open-in-new tab link — and its complete metadata (title, type, department, legal authority, uploader) on the right.

UPLOADER INFO

THE HARYANA MANUAL DEMO ACT, 2026

Act No. 99 of 2026
An Act to establish a uniform procedure for generating and verifying documentation manuals for the Haryana Legal Knowledge System.

BE it enacted by the Legislature of the State of Haryana in the Seventy-seventh Year of the Republic of India as follows:

- Short title and commencement.
This Act may be called the Haryana Manual Demo Act, 2026.
It shall come into force at once.
- Definitions.
In this Act, unless the context otherwise requires, "manual" means a step-by-step guide captured from the live application.

This is placeholder test content generated for documentation purposes only and carries no legal effect.

METADATA

Title	The Haryana Manual Demo Act, 2026 (743778)
Type	Act
Department	Hartron
Year	2026
Version	1.0
Reference No.	Act No. 99 of 2026 (743778)
Issue Date	2026-07-29
Upload Date	2026-07-29
Legal Status	active
File Name	demo-act.pdf

DESCRIPTION

The Haryana Manual Demo Act, 2026 is an act that establishes a uniform procedure for

REMARK 1

Expanded review — PDF viewer and metadata side by side.

2. Highlight the exact mistake on the PDF

Instead of only describing a problem in words, click **Highlight** to enter highlight mode (pick from 4 marker colours if tracking several issue types at once), then click-and-drag a box directly over the region that has the problem.

The screenshot displays the 'Govt Of Haryana Digital Repository' interface. At the top, the header includes the government logo, the name 'Govt Of Haryana Digital Repository', and a user profile for 'approver1' with the role 'Dept. Approver'. The main content area is titled 'The Haryana Manual Demo Act, 2026 (743778)' and shows a PDF document in 'Original PDF' view. The document text is as follows:

THE HARYANA MANUAL DEMO ACT, 2026

Act No. 99 of 2026
An Act to establish a uniform procedure for generating and verifying documentation manuals for the Haryana Legal Knowledge System.

BE it enacted by the Legislature of the State of Haryana in the Seventy-seventh Year of the Republic of India as follows:

1. Short title and commencement.
This Act may be called the Haryana Manual Demo Act, 2026.
It shall come into force at once.
2. Definitions.
In this Act, unless the context otherwise requires, "manual" means a step-by-step guide captured from the live application.

This is placeholder test content generated for documentation purposes only and carries no legal effect.

On the right side, the 'Document Details' panel shows the following metadata:

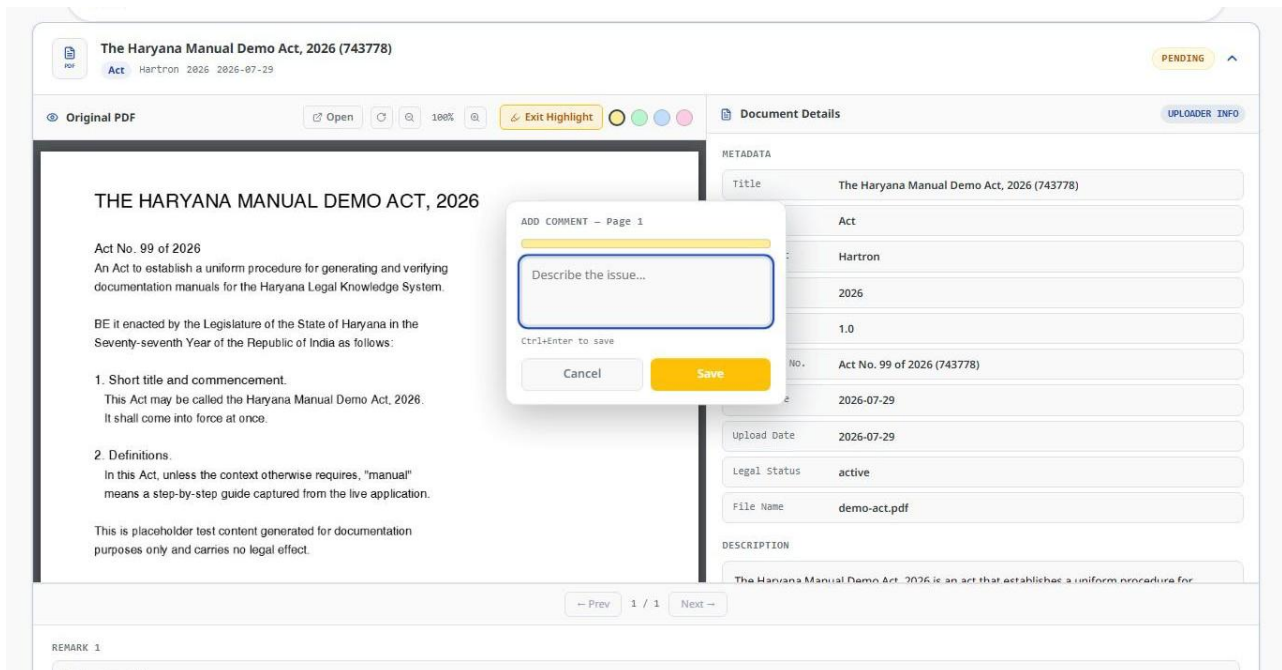

METADATA	
Title	The Haryana Manual Demo Act, 2026 (743778)
Type	Act
Department	Hartron
Year	2026
Version	1.0
Reference No.	Act No. 99 of 2026 (743778)
Issue Date	2026-07-29
Upload Date	2026-07-29
Legal Status	active
File Name	demo-act.pdf

Below the document, a 'REMARK 1' section is visible, and a 'Highlight' button is active, indicating that the highlight mode is engaged. The interface also shows a 'PENDING' status and an 'EXIT HIGHLIGHT' button.

Highlight mode active — colour picker revealed, cursor becomes a crosshair over the PDF.

3. Describe what's wrong at that exact spot

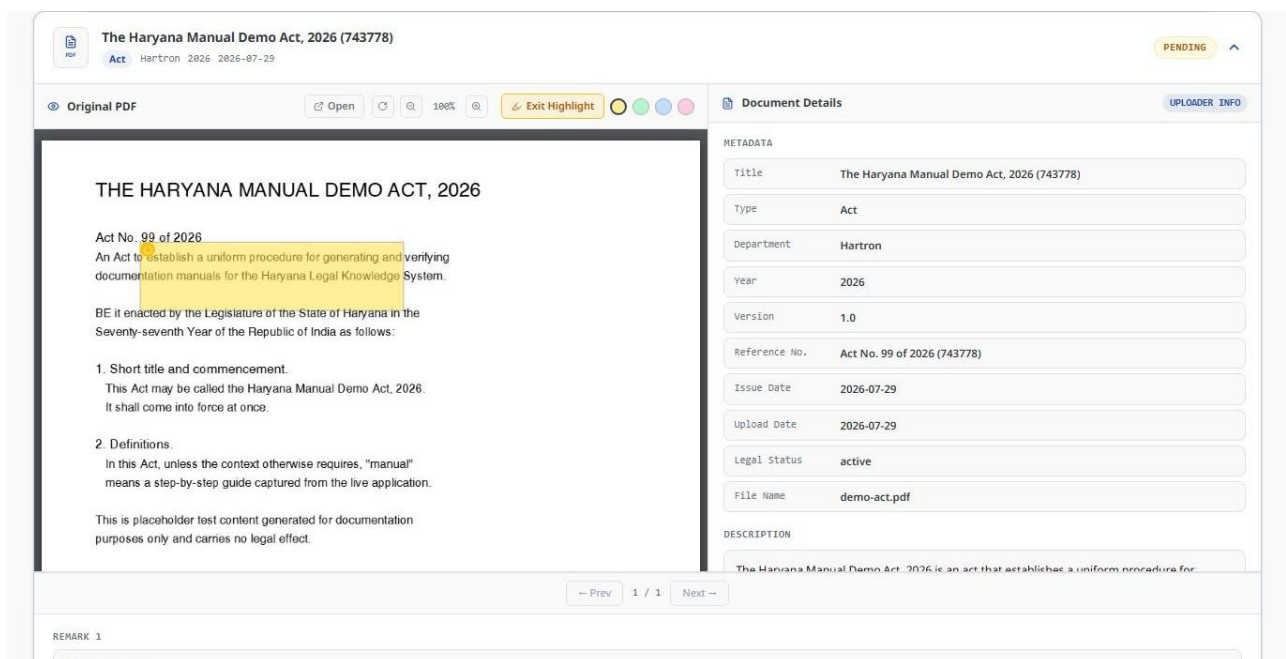

Releasing the drag opens a small popup — type what's wrong right there and click **Save** (or Ctrl+Enter). This is separate from the overall remark further down: think of it as "what's wrong *here*" versus the overall remark's "what's wrong with the document as a whole."

Box drawn over the problem area — the "Add Comment" popup appears right after release.

4. Saved highlight

The highlight stays on the page as a coloured box with a small marker icon — click it any time to reopen its comment or delete it. Repeat for as many problem spots as needed, then click **Exit Highlight** when done.

Saved highlight, with its marker visible on the page.

Below the metadata panel, add one or more overall remarks, then decide.

Use + **Add Remark** for feedback that isn't tied to one exact spot on the page — numbered remarks stack up, and each can be removed individually.

Overall remark filled in, in addition to the highlight from the previous step. Approving publishes the document — it drops off the pending queue immediately, and the Approved count and Total on the overview cards update right away.

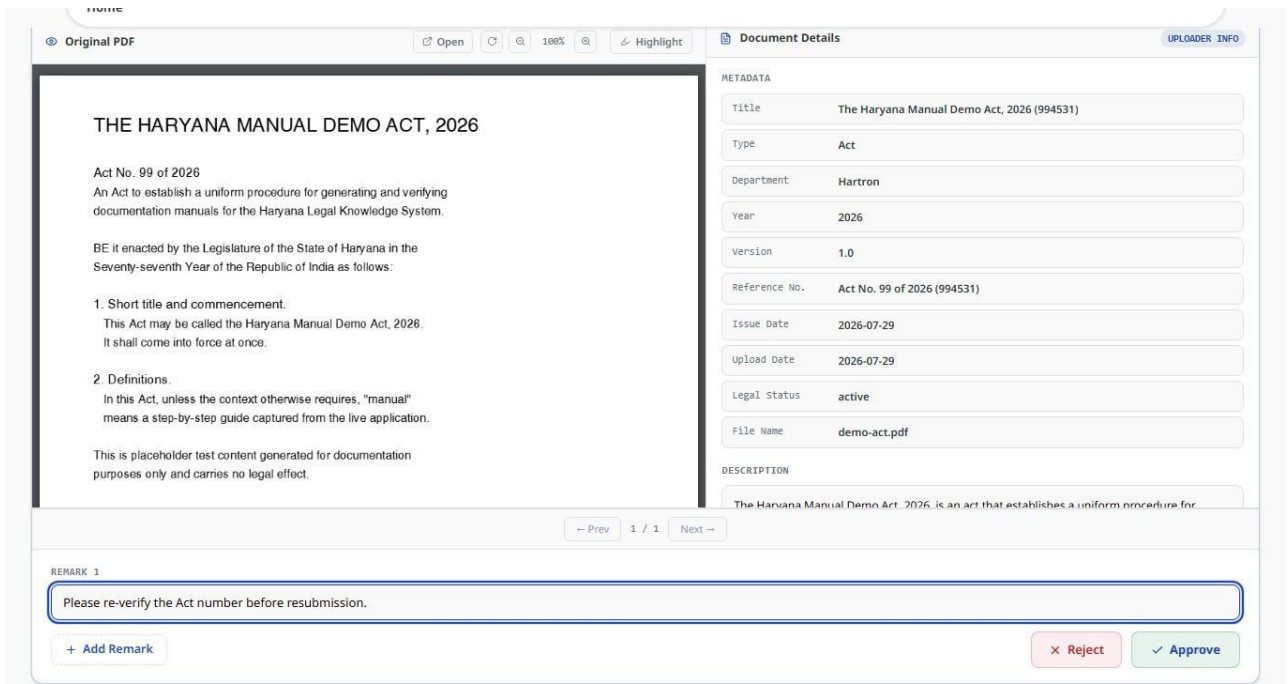

Overall remark filled in, in addition to the highlight from the previous step.

Back on the queue right after approving — the document is gone from Pending, counts updated to Pending 4 / Approved 3.

Section 5 — Rejecting

1. Remark, then Reject

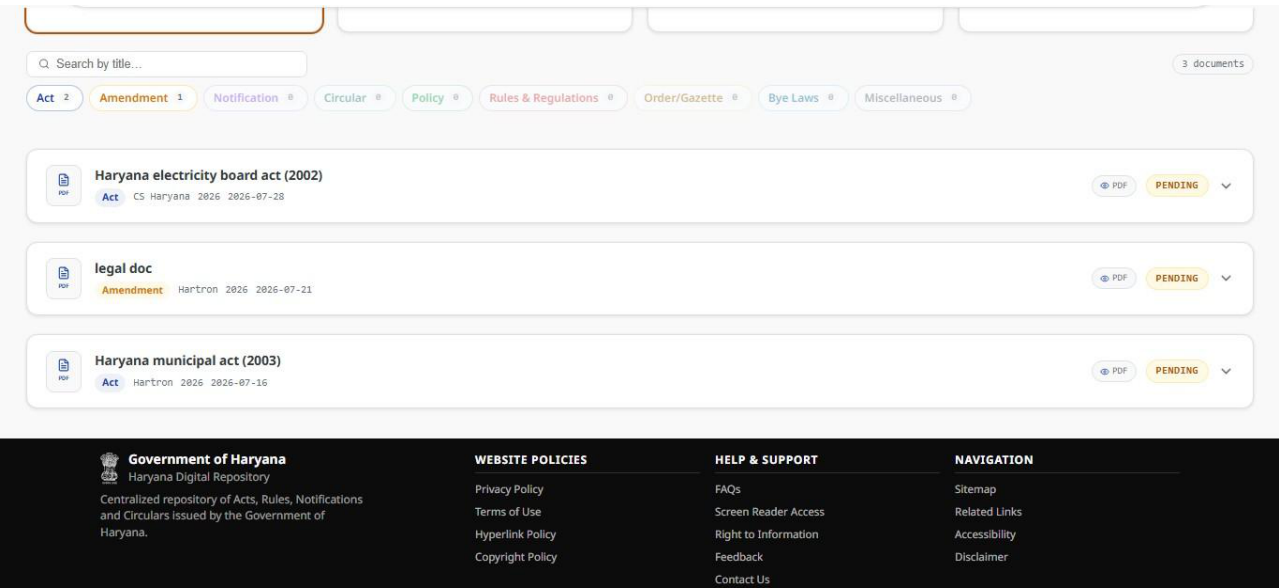

A remark explaining what needs fixing is just as important on a rejection — it (together with every highlight drawn) is sent back to the uploader so they know exactly what to fix and where.

Rejection remark filled in for a second document.

4. Rejected

The document drops off Pending Approvals the same way an approval does — the difference is entirely in the decision and the remarks the uploader receives.

Queue right after rejecting — both demo documents are now off the pending list.

Section 6 — Reviewed History

Every document you've approved or rejected stays visible — nothing disappears once decided.

1. Filter by decision

Click the **Approved** (or **Rejected**) overview card to switch the list below to just that decision — each row shows your remark under the title, with the same search and type filters as the pending queue.

Reviewed history — filtered to Approved.

Section 7 — Link Requests

Menu: **Link Requests** — cross-department document sharing.

1. Review your own department's outgoing requests

When one of your department's uploaders hits a duplicate while uploading and chooses **Link to My Department** instead of creating a copy, the request lands here for you to decide — tabbed by Pending / Approved / Rejected, with Approve/Reject right on each row and a **View Document** link to inspect the original first.

Department Link Requests — one pending request.

2. Inspect the original document

View Document opens the same 2-panel layout as a regular review — the source PDF on the left, and on the right both the document's own details (including which department it originally came from) and the link request itself (who asked, and when).

The screenshot displays the 'View Document' interface. At the top, the header includes the 'Govt Of Haryana Digital Repository' logo and a user profile for 'approver1' with the role 'Dept. Approver'. The breadcrumb trail shows 'Home > Link Requests'. Below this, a navigation bar contains a 'Back to Requests' button, the document title 'Cross Department Shared Notification 2026', the requester 'Requested by Uploader 1', the date '2026-07-29', and tabs for 'Notification' and 'v1.0'. The main content area is split into two panels. The left panel, titled 'Original PDF', shows a PDF viewer with the document 'THE HARYANA MANUAL DEMO ACT, 2026'. The PDF content includes the act number, purpose, enactment details, and definitions. The right panel contains two sections: 'DOCUMENT INFORMATION' and 'LINK REQUEST'. The 'DOCUMENT INFORMATION' section lists the document name, type (Notification), version (v1.0), status (Pending), and original department (CS Haryana). The 'LINK REQUEST' section lists the requester (Uploader 1), username (uploader1), requested at date (2026-07-29), and status (Pending). At the bottom of the PDF viewer, there are navigation controls: 'Prev', '1 / 1', and 'Next'.
