

GOVERNMENT OF HARYANA · LEGAL KNOWLEDGE SYSTEM

# User Manual

## Nodal Officer

A step-by-step guide to the Nodal Officer dashboard — managing department users, tracking uploads and department-linked documents, reviewing Act Part submissions, and reading the department audit trail.

 **Nodal Officer**

# Contents

---

- 1 Signing In** — Portal selection, official login and the on-page security check

---
- 2 User Management** — Adding, editing, and activating/deactivating department users

---
- 3 All Uploads** — Every document uploaded within your authorised departments

---
- 4 Linked Documents** — Cross-department document sharing and its approval status

---
- 5 Act Parts Review** — Sections/Schedule/Annexure/Appendix/Forms submission tracking

---
- 6 MIS Report** — The full audit trail for your authorised departments

---

## SECTION 1

# Signing In

Every official user starts here, before landing on their role's dashboard.

### 1 Choose your access type

On the landing page, click **Official Access** → **Login with Credentials**. Public Access needs no login; Admin Access uses a separate mobile-OTP flow reserved for system administrators.

Portal selection screen — three access types.

### 2 Enter your username and password

Type your username and password. A live-generated security check (image + optional audio) sits below the password field — it must be answered correctly before the **Login** button activates.

Official Login form, ready to fill in.

## SECTION 1

# Signing In — continued

### 3 Submit and land on your dashboard

With the username, password and security check filled in, the **Login** button turns solid green and becomes clickable. A wrong password or an unsolved/incorrect security check keeps it disabled with an inline error.

*Login form filled in — nodal1, with the security check solved.*

Tested with account: **nodal1** – Nodal Officer, authorised for CS Haryana & Hartron

## SECTION 2

# User Management

Menu: **User Management** — every account in your authorised department(s), one place to add, edit, and enable/disable access.

### 1 The user list and stat cards

Lists every user in CS Haryana & Hartron with their role, department, status and last login. The three cards at the top — **Total Users, Active, Inactive** — are clickable filters: click one to narrow the table to that status (the selected card gets a coloured outline), click it again to go back to the full list.

The screenshot displays the 'User Management' interface. On the left is a sidebar with the 'Govt Of Haryana Digital Repository' logo and a menu under 'ADMINISTRATION' including 'User Management' (selected), 'All Uploads', 'Linked Documents', 'Act Parts Review', and 'MIS Report'. The main header shows 'Nodal Officer > User Management' and a user profile for 'nodal1 Nodal Officer'. Below the header are three stat cards: 'TOTAL USERS 9' (selected with a blue outline), 'ACTIVE 9' (with a green checkmark), and 'INACTIVE 0' (with a red X). The main content area features a 'System Users' table with columns: NAME, USERNAME, ROLE, DEPARTMENT, STATUS, LAST LOGIN, and ACTIONS. The table lists 9 users, all with a status of 'active'. A '+ Add User' button is located at the top right of the table. The bottom left of the interface shows a user profile for 'nodal1 CS Haryana'.

| NAME                                         | USERNAME  | ROLE          | DEPARTMENT          | STATUS | LAST LOGIN | ACTIONS         |

*User Management — 9 users across CS Haryana & Hartron, Total Users selected by default.*

# User Management — continued

## 2 Filtering by status

Clicking the **Active** card instantly narrows "System Users" to only active accounts — no page reload, no separate search needed. Click the same card again to clear the filter.

Table filtered to Active users only — the Active card is now outlined.

## 3 Add a new user

Click **+ Add User** to open a side panel: fill in a Username, Email and Password (all required), optionally a First/Last Name, then pick a Role and a Department, and click Create User. The Role list only offers staff roles you're allowed to create for your department — a Nodal Officer can never create another Admin, Nodal Officer, or a public Citizen account from here.

Cancel Save Changes

Edit User modal — name, email, department and account status.

## SECTION 2

# User Management — continued

### 5 Deactivate or reactivate a user

The red/green icon on a row deactivates or reactivates that account. It now always asks for confirmation first — a short dialog names the user and explains what deactivating means ("they will no longer be able to log in") before anything changes, so a stray click can't lock someone out by accident.

*Deactivate confirmation — nothing happens until "Deactivate" is clicked.*

## SECTION 3

# All Uploads

Menu: **All Uploads** — every document uploaded within your authorised departments, regardless of who uploaded it.

## 1 Department-wide document tracking

The stat cards — Total / Approved / Pending / Rejected — filter the table the same way as User Management: click a card to narrow the list, click again to clear it. Search by name, or filter by uploader, approver, department, or status using the dropdowns.

The screenshot displays the 'All Uploads' page for a Nodal Officer. The interface includes a sidebar with navigation links: ADMINISTRATION, User Management, All Uploads (selected), Linked Documents, Act Parts Review, and MIS Report. The top header shows the user 'nodal1' as a Nodal Officer. The main content area features a summary of uploads from authorised departments (CS Haryana and Hartron) and a table of documents.

**Stat Cards:**

- TOTAL UPLOADS: 4
- APPROVED: 2
- PENDING: 2
- REJECTED: 0

**Document Table:**

| DOCUMENT                                                 | UPLOADER                 | STATUS                   | DATES                                            | ACTIONS              |
|----------------------------------------------------------|--------------------------|--------------------------|--------------------------------------------------|----------------------|
| legal doc<br>Amendment Hartron v1.0                      | Uploader 1<br>@uploader1 | PENDING                  | UPLOADED<br>2026-07-21                           | <a href="#">View</a> |
| abha<br>Amendment Hartron v1.0                           | Uploader 1<br>@uploader1 | APPROVED<br>✓ Approver 1 | UPLOADED<br>2026-07-21<br>APPROVED<br>2026-07-21 | <a href="#">View</a> |

| Haryana municipal act (2003)<br>Act Hartron v1.0         | Uploader 1<br>@uploader1 | PENDING                  | UPLOADED<br>2026-07-16                           | <a href="#">View</a> |

The footer contains links for Government of Haryana, Website Policies, Help & Support, and Navigation.

*All Uploads — 4 documents across CS Haryana & Hartron.*

## 2 Open a document

Click **View** on any row to open the original file with its full metadata, approval history, and (if rejected) the approver's remarks.

# Linked Documents

Menu: **Linked Documents** — documents shared/linked across departments.

## 1 Cross-department sharing

Shows documents originally uploaded by one department that have been linked into another, along with who requested the link, who reviewed it, and its current status. Search by document or department name, or filter by status.

Linked Documents — no links currently match the filters (empty state).

# Act Parts Review

Menu: **Act Parts Review** — a read-only view of Section/Schedule/Annexure/Appendix/Form submissions tied to Acts.

## 1 Track act part submissions

The Total Submissions / Pending / Approved / Rejected cards filter the table below — click one to narrow it, click again to see everything. Click **View** on a row to open the full submission in a read-only detail view.
